

# MIGHTY MINI MACLEODS

Of South Australia

Mighty Mini MacLeods report for 2017 by President, Georgia Walters.

2017 has sped by and we have had many enjoyable events with the clan. We have a new Logo and a motto too. I have put together a short description and some photos of our activities in 2017 to share. More photos are on our Facebook page.

Our first event for 2017 was at Adelaide Aquatic Centre. It was so cold that no-one else wanted to come. We learned to plan events with a back-up idea. So we made more activities that can be downloaded for the web page, put photos on the Facebook site and thought about how to get word out to other Clans about our activities.

Our second event was at 'Kart Mania'. We got to drive around a big track as fast (or slow) as we liked and for the younger kids there were carts that had two seats one for the adult (with the wheel) and the other seat for the child. We all very much enjoyed this event, but my personal favourite part was that I beat my dad!

Of South Australia

This year was Clan Macleod's 60<sup>th</sup> Birthday in South Australia. MMMs got to participate. James helped cut the Anniversary cake with Merawyn Hocking and Chief Donald. Then at the Clan lunch, for the entry procession James was the flag bearer and I (Georgia) held one of the swords as we walked in front of Chief Donald and Heather. We very much enjoyed the 60<sup>th</sup> Anniversary held at the Glenelg Golf Club. We had lots of highland dancing, bag piping and raffle winning happening throughout the day. The MMMs were in charge of selling our clan merchandise. If you missed out, you can buy items through the Secretary of Clan Macleod. (details on Clan Macleod Society South Australia website.)

Our last event was at PUMPT, a scooting, bike riding and skate boarding centre. There was an area for the junior riders, and for the beginners there was a small track at back. Once you had become more confident, you could also move to the big track, with a long slope and a jump at the end. We all enjoyed this event because it didn't matter how good you were there was still something for you to do or try and have fun with. We all got together and planned for 2018 at the end.

We were lucky to be invited to speak with Helen McLeod Meyer again at 101.5 FM. She asked us to bring along a MMM member to join us for the interview for the Christmas Day show. John Napier came and participated with us. He has been to 3 MMM events and is proud of his Scottish origins. The interview went well, we had a laugh. We listened to ourselves of Christmas day. I thought it sounded good and we got to let people know of our MMM program for 2018.
